

JOSEPH BELMONTE

Columbia, SC • josephbelmonte652@gmail.com • 914-471-1559

SUMMARY

- First-year Computer Engineering student at the University of South Carolina with two years of supervisory experience in a fast-paced theme park environment. Strong team leader and reliable problem-solver; currently developing Java fundamentals and eager to contribute to a technical or customer-facing role.

EDUCATION

University of South Carolina — B.S. in Computer Engineering (Freshman)

Columbia, SC • Expected Graduation: May 2029

Relevant Coursework: Algorithmic Design I (Java)

EXPERIENCE

Carowinds Amusement Park — Team Lead

Charlotte, NC • 2 years

- Led daily operations and coordinated staff to deliver safe, efficient guest experiences during high-volume periods.
- Trained new team members on safety requirements, and ride operations across many different systems: recognized for composure under pressure.
- Resolved guest issues quickly and professionally; collaborated across departments to minimize downtime.

The Flipside Cafe — Dishwasher

Fort Mill, SC • 1 year

- Maintained a clean, organized kitchen and supported back-of-house prep to keep service moving during peak hours.
- Followed health & safety standards; communicated needs with cooks and servers to reduce bottlenecks.

SKILLS

- Programming: Java (learning), basic OOP concepts
- Professional: Leadership, teamwork, communication, customer service
